

## Montreux Document Forum Assessment of the International Code of Conduct Association

The International Code of Conduct Association is building a Business Plan to guide the development of the Association and demonstrate value to Stakeholders. Government stakeholder perception of the Association is critical to producing a business plan that is relevant to governments. Please circle the statement that best describes the perception of the relevant agency of your government. Page 2 provides an opportunity to include comments.

	Question	Rating
1	The International Code of Conduct Association contributes to our government's implementation of the Montreux Document	Agree / Agree with reservations / Disagree / No opinion
2	The ICoCA might assist our government's implementation of the Montreux Document sometime in the future, but not now	Agree / Agree with reservations / Disagree / No opinion
3	My government is well informed about the ICoCA's current capabilities and contributions	Agree / Agree with reservations / Disagree / No opinion
4	My government is well informed about the ICoCA's future development plan	Agree / Agree with reservations / Disagree / No opinion
5	My government understands the core responsibilities of ICoCA and its Governance structure	Agree / Agree with reservations / Disagree / No opinion
6	My government believes that the ICoCA is adequately staffed and resourced for its current activities	Agree / Agree with reservations / Disagree / No opinion
7	My government believes that the ICoCA is adequately staffed and resourced for its future development	Agree / Agree with reservations / Disagree / No opinion
8	The ICoCA's core processes are clear, understood, and contribute to the responsible provision of security services	Agree / Agree with reservations / Disagree / No opinion
9	My government is considering membership in the ICoCA (Not applicable to current ICoCA members)	Agree / Agree with reservations / Disagree / No opinion
10	My government may consider membership in the ICoCA in the future, should it demonstrate the ability to fulfil its potential (Not applicable to current ICoCA members)	Agree / Agree with reservations / Disagree / No opinion

This page provides the opportunity, if you wish, to include comments on why you gave a particular rating for the ICoCA or what the ICoCA could do to improve in that area.

Element	Comment/Reason for rating

If you wish, you may include your name, your title, and the government of international organization you represent. This information is optional, but can be helpful in analyzing results.

Name	Title	Government/International Organization
